

ANNUAL REPORT 2025-26

Respected dignitaries on the dais, dear parents, teachers, and my beloved students,

Albert Einstein quoted that “The goal of education is not to fill minds with facts, but to teach them how to think”

As we look back on the journey of the academic year 2025–26, we do so with a deep sense of gratitude, pride, and fulfillment. It is a moment to celebrate milestones achieved, reflect on lessons learned, and acknowledge the unwavering spirit and collective efforts of our entire school community.

With great pleasure and pride, I present before you the Annual Report of **MES Central School, Tirur**, for the academic year **2025–26**, a year that truly stands out as a remarkable chapter in our institution’s history, marked by excellence in academics and outstanding accomplishments in co-curricular and extracurricular pursuits.

Growth and Institutional Strength

The academic year witnessed **unprecedented admissions across all classes**, raising the total student strength to **3,116**. To support this growth, our staff strength increased to **251**, comprising highly dedicated teaching and non-teaching members who work tirelessly to ensure the holistic development of every child entrusted to us.

The school reopened after the mid-summer vacation on **2nd June 2025**, ushering in a year filled with renewed enthusiasm and commitment. The overwhelming response and continued trust of parents and the public stand as a strong testimony to the quality education and value-based learning we have consistently provided for over **35 years**.

What began as a humble institution in **1990** has today evolved into one of the largest and most reputed schools in Kerala, standing tall as a beacon of knowledge, discipline, and moral values.

At this proud moment, I respectfully salute our **visionary founder leaders**—those who are with us today and those who are no longer among us—for their foresight, noble mission, and tireless dedication. Their dreams laid the strong foundation upon which this great institution continues to flourish.

ACADEMIC EXCELLENCE 2025-26
