

M E S CENRAL SCHOOL,TIRUR

Annual Report - 2022 -23

Walt Whitman, an American poet rightly pointed out “Keep your face always toward the sunshine, and shadows will fall behind you”.

Excellence in education and fostering the love of learning is the hallmark of MES Central School,Tirur. The academic year 2022 -2023 has been a year of hectic activities both in the field of studies as well as co-curricular activities. Our school is an example of what leadership with vision, commitment and discipline can achieve. Looking back to our journey in serving the generations since 1990, when our school came up, thanks to M E S Tirur Taluk Committee for such a historic decision of starting a CBSE school in Tirur. We are both happy and proud at the thought of the memorable milestones that we have reached.

As usual, our school reopened after summer vacation on 1st June 2022.Throughout the pandemic; all of us have faced challenges. Each and everyone tried to cultivate the ability to adapt to an ever-evolving situation, and to find opportunities for our growth and development. The year 2021-22 had some unknowns for us in the light of the pandemic, and we remained understanding and flexible yet determined to move ahead amidst a fluid situation. Paramount to the academic achievement and excellence, our commitment to diversity, equity, and learning from each other is equally important. We encourage fostering a community free of intolerance, to be respectful and to be supportive. Always remember, we rise by lifting others. Education has been undergoing a creative revolution and evolution. A holistic exploration of the session reveals that a conscientious effort has been made to a positive transfer of quality education.

MES Central School, Tirur is one of leading schools in Kerala and is the largest one among the MES Schools catering around 3000 students from Pre Primary Montessori to Grade 12.It has to be specially mentioned that this year, there was a record admission in almost all classes .Due to heavy rush, we were forced to stop admission to all Montessori classes up to Grade III. The vision of the School Management and the corresponding mission to implement those things in to reality by the staff members should be highly appreciated. I am extremely grateful to the MES fraternity, especially our school Chairman Mr. Anwar Sadat Kalliyath, Secretary Mr. P.A Salam Lillis, Treasurer Mr. K. Abdul Jaleel for their timely guidance, relentless support and cooperation extended throughout the year in all school affairs

CURRICULUM

The teaching learning process at M E S Central School Tirur has always been an innovative experience for the students in an invigorating and challenging ambience as per the latest guidelines of CBSE. A stress free atmosphere prevails in the campus to meet the requirements of curriculum. The Monthly Meeting of Staff Members facilitates us to introspect and retrospect the various aspects of the formation of students placed under our care. We, MES Central School, Tirur have a decentralized system of administration for the better and smooth functioning of the school. The Vice Principal, Section Head Masters, Head of the Departments and Coordinators of Primary and Pre Primary Sections are to put up their specific suggestions and innovative ideas in the different meetings and are incorporated into the day today functioning of the school along with the specific suggestions from team members during the meeting. The academic activities are integrated with the active involvement of 11 HOD's and the submission of monthly report to the Principal. Every team member is given a dignified space in the system to ensure their optimum output. I compliment my dedicated team of teachers and non-teaching staff whose boundless enthusiasm and bolstered eagerness embrace all activities and have kept our institution in the forefront consistently. Together we aim to set an enviable win-win situation where the sky is **NOT** the limit.

Major Changes:

It is my proud privilege that our school is equipped with the state of the art of technology. Our classes are fully digitalized now with Panel Boards having multimedia content. It empowers the teacher with well researched curricular digital modules “Teach Next “.To upgrade the discipline and safety of each and every one surveillance cameras were installed at various corners in the campus. Principal can observe the live class rooms and other relevant areas at any time and the recorded videos can be taken for verification, if required. Our school is proud to announce yet another

remarkable achievement, unique land mark that we are going to introduce a studio for language lab. It is designed with international standard having digital sound proof echo system. No doubt this will be a platform for our students to develop their communication and other skills of the various languages. This prestigious project was inaugurated by the esteemed President of MES Kerala, Dr. P.A Fazal Gafoor on 20/03/2023(Monday).
